CHAIRMAN'S MESSAGE

All significant achievements in the world start with a small step, **ARABCO CONSTRUCTION CO. L.L.C** began with a small step in 1993 as a construction company in Dubai, UAE which was then a small contracting company.

Since then, with our hard work, determination, building of trust and goodwill, our company grew to become one of the reputed companies in the construction industry in Dubai.

I continued by the same vision and principles. I also recognized the need to modernize the company and achieve growth, by diversifying its activities into areas such as real estate activity, by establishing the first branch in 2016 in the new Cairo City, ARE where a huge new cities are being developed. I am very pleased to note that, it is also guided by the same principles of hard work, Integrity, high moral values, and building of goodwill.

The UAE where we develop ourselves, Dubai in particular has seen unparalleled growth in size, population, and modern infrastructure over the last 3 decades, and has become the undisputed business hub and advance in technology in the Middle East. All forecasts for the next decade predict this growth to increase exponentially by focusing on tourism, local industry, media and communication industry.

We, **ARABCO CONSTRUCTION CO.**, are well positioned to become a major player in the growth in the Middle East construction industry and real estate. We are constantly looking at opportunities for growth, and at investing in activities that add value to our customers, partners and employees.

GM MESSAGE

Eng. Reda Abdulhamid, Arabco General Manager who has been on board since 2021, believes that the essence of the company's success is through its commitment in management strategy. Mr. Reda firmly believes that the organization of a company is very important which inevitable lead a company to improve their skills and build the company team work. By adopting a policy of transferring experience from the seniors to the juniors, a family bond with sense of commitment will inevitably ensue."Arabco Constructions LLC has always been determined to provide the industry's best service and job performance for the client, while providing the best in equipments, benefits, continual education and training for our employees. Our company is recognized as leader in constructions industry and its position and strength enables the company to provide additional value to its clients and opportunities for its employees", Eng. Reda Abdulhamid said. Arabco continues its proud history of understanding clients' individual needs and able to determine the most cost efficient way of meeting those needs. The company prides itself on being able to construct and manage small or large projects from beginning to end, relieving its client of the need to facilitate the process.
